C.R.O.

Palestine

Sir,

With reference to your advertisement in the Palestine Post of September 25th 1942 calling for electrical engineers for Royal corps of signals I beg to offer you my services.

I am an Electrical Engineer - the first and only electrical woman engineer of Austria - graduated in 1925 from the Engineering College of Vienna ("Technische Hochschule, Wien") after five years of studies and training.

I acquired my technical knowledge and practical experience by my studies and professional performances. I worked as electrical engineer in Austria, Germany and U.S.A. with electrical manufacturing companies and utilities, on the staff of technical exhibitions, at a patent attorney's office and as consulting engineer.

I am a Palestinian citizen and know English, French and German, some Hebrew and Italian.

Yours faithfully

Madam,

I thank you for your letter of 27.9.42.
I regret to have to inform you that
woman engineers cannot be accepted into the Royal Corps of
Signals.

I have, however, forwarded your
application to the Chief Recruiting Officer, A.T.S., who may be
able to utilize your services, the offer of which, I assure you,
is highly appreciated.

Major,
Chief Recruiting Officer,
Palestine.

Madam,

Reference your letter of 27.9.42,
if you are interested in joining up,
perhaps you would come and see me when
next I visit Haifa. I will notify you
of place, date and time later.

In the meantime, I will make
enquiries regarding women in the A.T.S.
with special electrical qualifications,
being employed with Signals.
